Dear Beloved,

I am MR. JOHNSON KUTI an Accountant with Continental Bank

Cotonou, Republic of Benin. A customer of ours MRS. MARY ADJOVI

AMOUSSOU who happens to be the wife of a late politician intimated me

on her intention to invest the sum of US\$75M (SEVENTY - FIVE Million

U.S. Dollars) in a foreign country, being money left for her family

by her late husband who died March 14th 2006 before this new government that took over on April 6th 2006.

I advised her to have patience as I will source for a reliable and trust-worthy investor who can receive,

manage and invest the money very well for her.

I am soliciting on her behalf for you to help her manage the money

properly in your country. You are required to furnish me with your

personal details so that we can easily tell you how the fund will get access to you.

You should contact me through my E-mail Address mrjkuti2@yahoo.it

so that I can furnish you with more information for your immediate perusal.

Looking forward for your urgent response.

Best Regards,

MR JOHNSON KUTI.
